1B

Developing School-Wide Behavior Expectations

In-person: Oct. 1-2, Jan. 28-29, Mar. 6 - Jamestown

Develop plans for active supervision, problem behavior identification, classroom management, data collection, and data systems.

Phase 2

Implement: Staff implement processes, assessment, and interventions identified and developed in Phase 1. Monitoring fidelity of implementation is critical at this phase and teams should identify and address barriers to implementation through regular teaming and problem solving.

Evaluating Your System

Virtual Launch: Oct. 15

In-person: Nov. 5-6, Feb. 4-5 - Jamestown

Focus on innovation of the NDMTSS model with emphasis on: data collection and disaggregation; data-driven decision making; and problem solving for student, classroom, and systems level.
